LEARN ABOUT THE SERVICES YOUR COMMUNITY HAS TO OFFER

*Upper Freehold Township, located in central New Jersey (southwestern Monmouth County), consists of 47.45 square miles.*

*Upper Freehold has been a rural agriculture area since the late 1600's with farming being the primary occupation. The residents and local government have been successful at maintaining the rural and historic character of this community. There are 2,567 acres of the Assunpink Wildlife Preservation area that lie within the Upper Freehold Township borders. In addition, Upper Freehold Township is the home of two county parks: Walnford Park with its restored Georgian style house, working mill, carriage house and cow barn and Clayton Park, a passive recreation area, consisting of 421 acres with a 21 acre lake. The township has also recently entered an agreement with Monmouth County in which the township will acquire 43 1/2 acres to be used for public purposes of recreation, open space preservation, and natural resources.*

*The Ridings at Cream Ridge is beautifully situated on a private farm-like setting seemingly away from it all but just minutes to the quaint town of Allentown and several major highways for commuters. As a resident of The Ridings at Cream Ridge, you will enjoy the beauty and convenience that Monmouth County has to offer.*
