Toll Brothers is there—in the smallest finishing details of your home, in the setting that makes your home part of a neighborhood, and in the neighborhoods that create your community.

When you choose Toll Brothers, you are choosing our unwavering commitment to quality and customer service. We are honored to have won the three most coveted awards in the home building industry: **America's Best Builder**, **National Builder of the Year**, and the **National Housing Quality Award**.

But our greatest reward comes from the recognition we receive from our home owners. As the nation's leading luxury home building company, we take pride in creating homes that are as beautiful to look at as they are comfortable to live in. Each Toll Brothers home offers a combination of quality materials and superior design, where every detail is meticulously crafted and every enhancement you select is seamlessly added to create a customized home that is uniquely yours.

Our ultimate goal is for you to move into a home built to the highest standards. To make sure your home meets your expectations, we offer a unique two-step pre-settlement orientation program. The first detailed orientation takes place five to seven days before settlement, utilizing Toll Brothers' nine-page checklist as a guide. Then, once again prior to settlement, you'll inspect your home to see that every item you noted at the first orientation has been addressed. The result is that you can entertain guests as soon as you move in! To give you lasting peace of mind, we provide a ten-year limited warranty.

At Toll Brothers, we believe that preserving the natural environment is an integral part of creating a community you'll be proud to call home. We take our commitment to environmental stewardship seriously. Nationwide, Toll Brothers encourages environmental awareness by

partnering with conservation groups such as the National Wildlife Federation and the Audubon Society—earning community certifications for programs such as Backyard Wildlife Habitats and Audubon Cooperative Sanctuaries for Golf Courses, respectively. These certifications assure our residents that the natural beauty of their communities will remain a proud legacy for generations to come. The luxurious homes we build are specifically designed to harmonize with the scenic beauty of the surrounding landscape. We preserve as much open space as possible, incorporating the existing hills, trees, streams and ponds. As part of our award-winning efforts, we've saved and subsequently transplanted thousands of trees, preserved creeks, and restored sparkling ponds—and we've created community walking trails so residents can enjoy these tranquil settings.
