

Our Customers Speak!

Tollgate Village, Bel Air, MD

“It is a pleasure to write this letter to express our extreme satisfaction with the entire sales process. They made us feel like we were all part of the Toll Brothers family ... Overall, we are ecstatic about our new home and the community. As a team, the Tollgate Village staff is wonderful to deal with and we could not have been treated any better. Moving in your later years can be overwhelming, and nothing could be further from the truth when you have a support staff committed to making the moving process easier. Thank you again for everything.”

“This is a note to let you know how pleased Jack and I are with our Toll Brothers home ... we look at each other and say what a good choice we made. It was not easy to downsize to our carriage house ... We have even more space than before ... and best of all, there is no grass cutting or snow removal, etc. The hands-on attitude of the Toll Brothers team was exceptional. I have been a REALTOR ... and know how other builders work. This experience has been fabulous. Issues are handled promptly, professionally, and with a smile. We are very happy homeowners.”

“From the first day, both Cheryl Nicklas and Tiffany Santoro have been wholly professional, courteous, and attentive to our every question. We certainly feel fortunate to be living in this beautiful home. We are also thankful for the friendliness of our neighbors and the many activities here in Tollgate Village. This is truly a unique neighborhood of folks who readily make friends and who share a desire to live life to the fullest. We want to thank all of the Toll Brothers staff for making us feel ‘Welcome!’ We are thoroughly delighted to be part of this vibrant community.”

“We were new to the area and when we walked into the office at Tollgate Village, Cheryl and Tiffany were friendly and professional. Cheryl and Thurman helped us get the custom changes we wanted ... [and] helped us meet our neighbors. They were excellent resources of information for the area. Toll Brothers Mortgage was every efficient and had the BEST RATES!! Irene Mollica was friendly, professional, and guided us from application to closing with no problems. With each visit/walk-thru, we found the house to be well designed and well built. We are VERY HAPPY with the house and VERY PLEASED with the experience of buying from Toll Brothers.”

“Norm and I really enjoy our new home in Tollgate Villages. It’s spacious, comfortable and easy to live in. We are five minutes from shopping, restaurants, recreational and medical facilities and yet we are in a secluded very scenic area. The Equestrian Center is visible from the community and the MA & PA walking trail is two minutes away. One of the best things about Tollgate Village is the people who are moving in. We get together to play Bocce Ball, Bunco, Cards, and other games, and have a Book Club. Norm and I have made new friends here and are happy we made the decision to move into this active-adult community.”

“Janice and I would like to express our satisfaction with our new home at Tollgate Village. We have been here only 2 months, but already love everything about it. The help and cooperation give us by the sales office (Cheryl and Tiffany) and the construction office (Thurman and Keith) has been above and beyond our expectations. We have met a lot of nice people and have been blessed with wonderful neighbors. We are looking forward to many years here.”
