COMMUNITY

The county of Monroe was created on April 1, 1836 from parts of Northampton and Pike counties. It was named for President James Monroe. Stroudsburg, the county seat, was incorporated February 6, 1815 and was named for Jacob Stroud, an early settler.

Middle Smithfield Township experiences weather conditions similar to that of New York City and Philadelphia, but somewhat cooler. The air is clear, clean, and dry. There is generally heavy snowfall, which stays on the ground from early December to mid-March of each year. The area has an average rainfall of 38 inches per year and an average snowfall of 51 inches per year.

At The Reserve at Pond Creek and Country Club of the Poconos you will enjoy the atmosphere of country club living only minutes away from most every convenience. Both communities are ideally situated for a comfortable commute to the major metropolitan areas of New York City and Northern New Jersey. Spectacular amenities, nearby recreation facilities, and convenient access to Stroudsburg and the Lehigh Valley make this your ideal new home.
