LEARN ABOUT THE SERVICES YOUR COMMUNITY HAS TO OFFER

The community of Corona, located just 15 minutes from Orange County, is rich in heritage and tradition. Ideally situated at the base of the mountainous Cleveland National Forest in western Riverside County, Corona's historic attributes include the Luiseño Indians, the site of the first family to settle in Riverside County, and the Temescal Tin Mines.

In 1886, with the purchase of 12,000 acres of agricultural land, Corona's citrus industry was born and the historic circular Grand Boulevard was developed, soon beoming the focal point of the community.

Originally the area was named South Riverside after the successful citrus community of Riverside. It wasn't until July 13, 1896 that residents voted to incorporate and change the name of the community to Corona, Spanish for crown, in honor of the City's circular Grand Boulevard.

In addition to Corona's booming citrus industry; mining, agricultural and dairy products have all developed the city you see today. This quaint citrus village has continually developed blending old town South Riverside with modern Corona.
