White Flint Station, North Bethesda, MD

“We have lived in White Flint Station for about a year now, and we would like you to know how pleased we are. The process was always professional, efficient, and pleasurable. Gwenn Minton [sales manager] was wonderful ... [she] always explained complicated processes to us clearly ... Toll Brothers did a wonderful job building our home ... they were always very accessible, and communications were encouraged ... The whole process of buying our home went smoothly. We would definitely recommend Toll Brothers to anyone buying a home. It was a true pleasure.”

“I just wanted to touch base with you regarding the amazing experience I had purchasing a condo home at White Flint Station. This was my first home buying experience and I do not believe that it could have been any easier or more professional than it was. I will continue to praise Toll Brothers and especially the team at White Flint Station ... the service is top notch, the people friendly, and the home delivered in perfect condition within the allotted time. I could not have asked for a better outcome. Thanks and keep up the good work!”

“The property construction work was overseen by Graham Davids, a dedicated obsessive professional who continually “sweated the details” to get things right. As an engineer who has done plenty of my own home renovations, I can be a pretty demanding customer, and I have to say that Graham continually exceeded my expectations.”

I am very happy with my purchase...the experience with Toll Brothers in buying my first home has been so positive that when I am ready to move on to a larger home, I will seek out ... Toll Brothers.”

“I would like to inform you of the above and beyond level of professionalism and service that I have witnessed [your sales team] providing to my buyers during my most recent two sales at White Flint Station. The [sales teams’] knowledge of the community, future upgrades in the area, real estate market, and financing kept things comfortable and professional. ... Not to mention that every time I brought my clients in it was late afternoon and close to quitting time; however, the [sales team] went the extra mile...through responsiveness, understanding client’s needs and concerns, the [sales team] certainly made my job easier to show them that White Flint Station had a lot to offer.”
