# THE COVENTRY

A grand two-story entry opens to a formal living room and elegant dining room while a stunning barrel vaulted ceiling offers a lovely transition into the family areas of the home.

The well-appointed gourmet kitchen encompasses a spacious two-story family room and a sunlit breakfast area that features direct access to the rear yard.

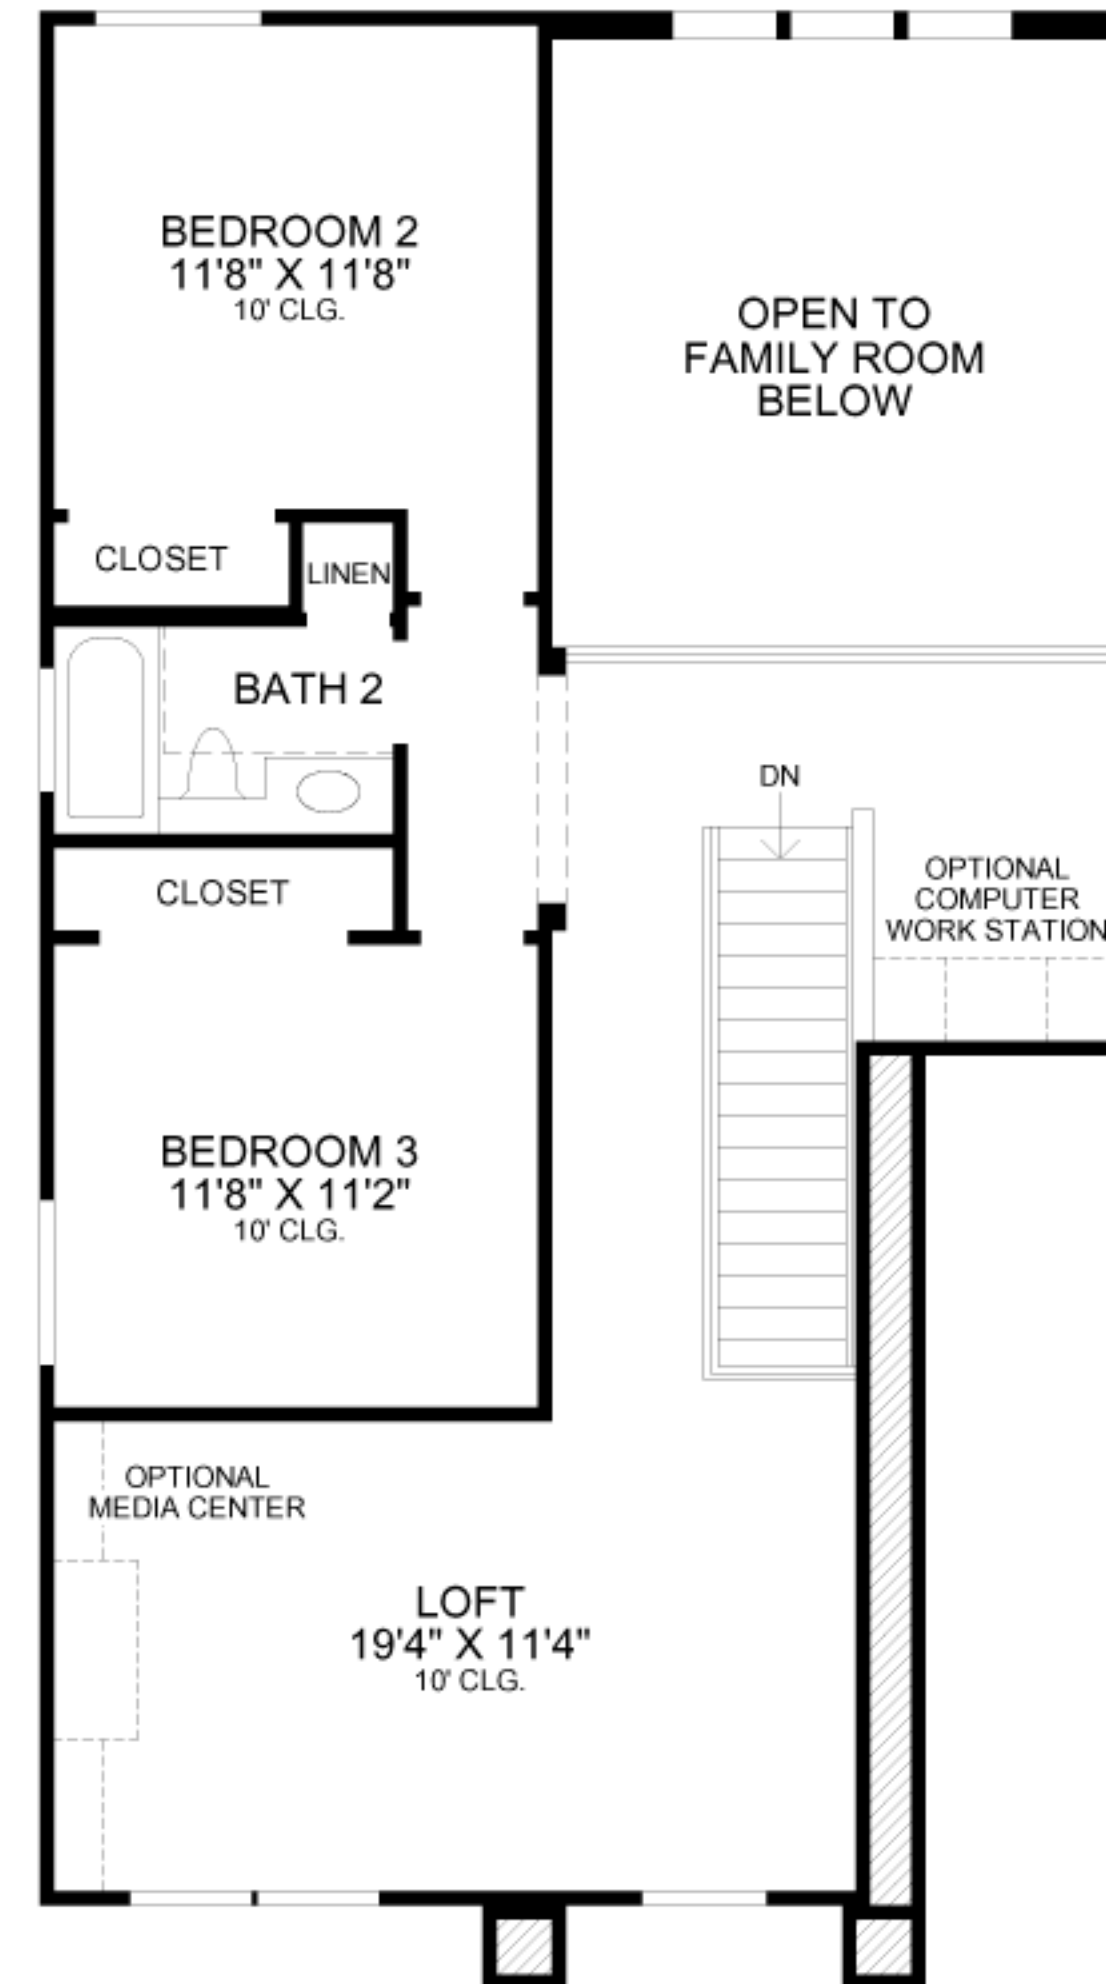

An expansive first floor master bedroom suite offers a luxurious master bath complete with dual vanities, Roman tub, separate shower, private water closet, and large walk-in-closet.

Upstairs, an alcove off the landing with space for a computer desk overlooks the living areas below and leads to two large bedrooms, an additional full bath and a versatile loft that could be converted to a fourth bedroom. This family oriented home is further enhanced by a conveniently located powder room, separate laundry room, and two-car garage.
